

# Hackathon 2.0

The **Hackathon** is a celebration of computer science department where ambitious students can be at the forefront of the innovation and can be inspired to explore their passions and showcase their dream ideas.

It is a competition where young innovators are invited to learn from their past experiences, execute ideation in the present and thrive future endeavors.

Through the Hackathon, we want to enable the young Makers of Delhi NCR to come up with new innovative ideas that solves real world problems. Although any college team can participate in this competition.
